HAMLIN, JONES COUNTY, TEXAS

FRIDAY MARCH 1, 1940

NUMBER 18.

## Owen Thomas Is Candidate for Judge Of This District

OWEN THOMAS

To the Citizens and Voters of Jones, Fisher and Taylor Counties:

I hereby announce my candidacy for the office of District Judge of your 104th Judicial District, composed of the above mentioned Counties.

The office of District Judge is not a spectacular one, but, in my opinion, of all County, District and State offices, it ranks among the first in importance. Your District Judge presides over your District Court, the most important State trial Court, wherein personal and property rights are adjusted, wrongs redressed and civil and criminal laws enforced. It is a Court of final adjudication in a great many cases, because appeal to a higher Court, being expensive, cumbersome and unduly slow, is often not practical or feasible.

According to my conception, any trial Judge measures up, in fitness for the Bench, in the proportion he possesses the following attributes of character and qualification: honesty and moral fiber, of primary importance in all persons, essential in a judge; a sense of fairness and impartiality and the courage to exercise it, toward all alike, whether rich or poor and regardless of color, social standing or belief; and finally, the necessary legal ability, training and experience, which a judicial office demands.

I believe a Judge should conduct his Court with firmness and dignity but with reason, patience and common sense; that mutual respect and courtesy should prevail between the Judge, Lawyers, litigants, witnesses, jurors,—the entire Court. I do not believe in arbitrary or unreasonable acts on the part of those in authority; and I have utterly no patience with favoritism or political consideration on the part of a Judge in the exercise of his judicial functions or the conduct of his Court. If elected your District Judge, it shall be my aim and determination to perform my duties and conduct the Court in accordance with these conceptions.

After years of experience and observation of our trial Courts, I have formed some definite opinions relative to the duties of a trial

## Next Tuesday is Is 5th of March Rabbit Drive

Nobody could tell by the Herald last week when the rabbit drive was to be at the Y-6 Ranch, northwest of Hamlin. But it DID say March 5th, and figures count regardless of what day one may say it is. March 5th is next Tuesday. So the laugh is on the Herald. That is ONE time we made a mistake. It has been worth it, for everybody has been trying to determine "when is the rabbit drive," and the only thing we could say right well, was "search us, ask somebody who knows." Anyway, its Tuesday, March 5th, and we don't mean maybe. Get out your shootin' irons and hop at it. You know where and when to go. It starts at 8:30 A. M. and at noon there will be plenty of eats and not rabbits either.

Mrs. J. C. Whitlock, formerly of Hamlin, died on Thursday of last week in Hillsboro, Texas. She is survived by a son, Ivan and a daughter, Miss Marie Whitlock, and two sisters, Miss Era and Johnnie Pearl Whitlock of Hamlin.

Mr. and Mrs. Gay Fielder and daughter, Miss Helen of Alpine were week-end visitors with her mother, Mrs. L. B. Bruner and other relatives.

Judge. Among others, it is not the province of a trial Judge to make laws, but to undertake to interpret and apply the law. Litigants should be given every opportunity to have their cases heard without undue delay. Business should be transacted with as much dispatch as consistent with the due administration of justice and with as little inconvenience to Attorneys. Litigants and jurors as possible. Courts should be operated as economically as consistent, and, at this point, I call attention to the fact that Jurors are paid out of County funds, and, in my opinion, economy can be effected by having less attendance of jurors without transacting business.

I am a lifelong resident of Jones County. I am forty three years of age, my family consisting of wife and one daughter. I received my education in the Anson Public Schools and the University of Texas. I served in the Army about one year during the World War and thereafter taught school for one year in Jones County and worked in several of the County offices. Thereafter, I was elected and served four years as District Clerk and six years as County Judge of Jones County, voluntarily retiring from each of these offices. For the past twelve years, the last ten as a member of the firm of Thomas & Thomas of Anson, I have been actively engaged in the practice of law in the Courts of this District and elsewhere. As to my professional rating, ethically and from the standpoint of ability, I refer to the members of the Bar in the Counties of this District and particularly to the citizenship of my County, who

## Special Matinee Today At Ferguson Theatre Showing "Golgotha"

The Hamlin Elementary P. T. A. is sponsoring the famous moving picture show, "GOLGOTHA", known as the "Passion Play", this Friday in Hamlin.

Mrs. B. S. Ferguson is offering her theatre for a Special Matinee at 2:00 P. M., today, Friday, March 1st. This is a special courtesy appreciated by the P. T. A. Children can avail themselves of this famous picture because the schools will dismiss in time for the Matinee.

At night, at the High school auditorium, this show will be presented again to the public. Very low prices for admission will be charged, and benefits will be to the P. T. A. Attend one or the other of these shows of "Golgotha," and you will long remember the scenes depicted.

"Golgotha" is considered one of the greatest films of all time. Critics acclaim it a technical masterpiece. This has been made possible only because of the tremendous amount of money spent in making the picture. The average feature picture in Hollywood costs approximately \$200,000 to make, but "Golgotha" cost \$800,000, over four times the cost of an average feature motion picture made in Hollywood. This will give you some idea of the size and magnitude of the great picture that is being shown at the Ferguson Theatre at 2:00 P. M. and at the High school auditorium on Friday night at 7:30 o'clock in the evening. "GOLGOTHA" is not an ordinary motion picture, but instead, a tremendous spectacle. The cast, costumes and settings make it one of the greatest scenic dramas ever filmed. "Golgotha" was made in the old country, and consequently the scenic backgrounds are accurate and correct in every detail. However, all of the speaking parts in the picture are in English. You must see "Golgotha" in order to keep from missing one of the greatest entertainments ever brought to this city. The fact that such a costly entertainment can be shown here at popular prices, only 35c for adults and 15c for children, shows what a remarkable medium of expression motion pictures actually are today. "Golgotha" is a talking motion picture of the life and crucifixion of Christ, and gives you greater entertainment value than anything you have ever seen.

know me best.

I am informed that I will have as my opponent the present Judge, Hon. W. R. Chapman. Judge Chapman first became a District Judge more than twenty years ago, since which time he has served about twenty years as a District Judge, a considerable portion of said time in the 39th District and later in the 104th District since its creation. I submit that it is not Democratic to elect one man to one office for life and that it would be right and proper to make a change, to give a younger man an opportunity to serve in this office.

I served as Clerk in Judge Chapman's Court in Jones County for several years, beginning in 1921. As a young man I became imbued with the ambition to some day become District Judge, and this desire remained with me through the intervening years, as student, Clerk, County Judge, and practicing Attorney.

In pursuance of this desire, four years ago, following a belated announcement, I made the race for District Judge. I made a good race, carrying two of the three Counties in the District (Fisher County and my home County of Jones) by nice majorities, and received a good vote in the third and home County of my opponent, Judge Chapman. I was not elected, but I made a good race, and I have remained grateful for the votes received, the confidence shown and the friendships renewed and made.

I take up the race where I left off four years ago. On my record, I seek advancement in my profession. I want very much to serve you as your District Judge, and, to this end, I respectfully solicit your approval by your votes and support in this Summer's Democratic Primary.

## Elementary P. T. A. Presenting Van Cavel

"Glimpses of Holland" will be presented by Roeland Van Cavel in Hamlin High school auditorium on Monday night, March 4, at 7:30 o'clock, according to an announcement by the Hamlin Elementary P. T. A. Adults 25c, Children 10c.

An intimate insight into the history, life, customs, costumes, traditions, peculiarities and future of Holland will be presented by Roeland Van Cavel.

Van Cavel came to American alone from Rotterdam, at the age of nineteen. All of his relations still live in Holland. With only seven years of grade school education when he arrived in the United States, he is now well on the way to his doctor's degree at the University of California at Los Angeles, specializing in sociology.

Van Cavel states that the average American's impression of Holland is that of a land of windmills, wooden shoes, with all the little Dutch boys busy sticking their fingers in dykes. He then tells of similarly fantastic ideas he had of the United States before coming here.

With the aid of a series of beautiful oil paintings forty-two by sixty inches in size, Mr. Van Cavel describes the unique system of dams and dykes used in reclaiming land, the way the land is laid out and how agriculture is controlled; the world famous tulips; the Queen, the democratic government, and the colonial empire; the social stratification, much more evident than in the United States; the Dutch system of education; courtship and marriage; how Hollywood styles and movies are changing the customs, costumes, dances, songs, and social life in Holland, with the older ones fast disappearing. He will also discuss the delicate position of Holland in the world situation.

Mr. Van Cavel is recognized as a brilliant entertainer and his delightful wit has led many to call him the Dutch Humorist. With penetrating insight into the real life of his people and with kindly humor he presents a story which is both educational and entertaining. Dressed in baggy trousers, wooden shoes, bright coat, and Dutch cap, he sings Dutch songs and dances.

Reserve your time for this fascinating entertainment, Monday night, March 4th.

## Concerted Efforts To Increase Church Attendance

Approximately six hundred attended Sunday Schools of Hamlin last Sunday. This check up was made by the pastors of our local churches, and they feel that this number should be increased.

And they are going to attempt doing something about it. They have agreed to lead in a concerted effort to increase the attendance in Sunday School, mid-week prayer meeting, and public worship during the month of March. They believe their churches will cooperate with them in this worthwhile movement, and are looking forward to renewed interest in all phases of church

work during this month.

To assist in making this increased attendance possible, a religious census will be taken of the town in a short time. Workers from the churches will secure needed information, thus locating members and prospective members, and then they will come together and each church will be given the information desired by that church. It is hoped that the people of the community will respond to this effort, and that March will be a high attendance month in the churches of Hamlin.

## M. T. York Stores Celebrating Twentieth Anniversary Here

This week M. T. York Stores, and the York family are celebrating their 20th year in Hamlin. That means, too, the 20th year of the York Stores in West Texas for it was here that Mr. York started his line of stores.

To make the period more outstanding, Mr. York is showing his appreciation to the people of this section of the country by placing his vast stock of a "Million Items" on sale with almost unheard-of low prices for a limited time. This means, look over his advertisement in the Herald and see just a few of that Million from which you may select something you want. Don't hesitate, for the quality is high while the prices are low.

In Hamlin, Mr. York has two stores, and that means, a bevy of young ladies are ready to smile at you and say "let me wait on you." We might introduce them: There is Miss Mary Bigham, Miss Lucille Nicholson, Misses Joyce and Evaline Graham, Miss Crowley, Miss Evaline Hunter and Miss Jane Howard, and several others who handle the York articles deftly. Take your pick.

Mr. and Mrs. York will always feel grateful to Hamlin community people, for this is their "adopted home" and the beginning of their successful merchandising career.

Only the following birds are unprotected by law in Texas: English sparrows, crows, ravens, vultures or buzzards, rice-birds, roadrunners, goshawk, Cooper hawk or blue darter, sharpshinned hawk, duck-hawk, jay-birds, sapsuckers, blackbirds, starling, woodpeckers, butcher birds or shrike and the great horned owl. Canaries and parrots, as domestic pets, are unprotected.

## George Howard Says His Grocery Store Is Coming Alive

In this weeks Herald you will see an advertisement from an old-timer grocery merchant, that you have not seen in a long time. You see several years ago a fire almost ruined George Howard's place of business and it "kinder" put a crimp in George. He's showing new life, new determination, and new ideas NOW. He says, after all, why not pep up, for indeed Hamlin is one of the best towns in the state, and about Hamlin are the best people in the world, and so this week he is inviting them to visit his store, and observe the filled shelves of the newest of new groceries. George has been as busy as a hunting dog, this week and last arranging his new stock and to show you his appreciation of his "Re-opening" he is going to serve refreshments FREE all day down there Saturday. He has secured a good looking lady to pour the coffee and then we bet a dime to one of the good doughnuts he is serving a second pretty Miss will hand out "Doughnuts," and that you better be there.

Do you know George Howard is not so old, but, be-gories, George is the oldest grocery merchant in Hamlin. He knows his stuff and he says from here out he is going in strong for the "Bestest" to eat. That goes for the "head saleslady" too. Mrs. Howard is George's real stand-by, and she does more than just stand. She has a smile worth a million, and she too invites YOU to visit them Saturday, and other days too.

## Confucius Trips G. D. Triplett Over County

Our Confucius saying (to end all such sayings): "Cachinnation from crazy cracks camouflaged as from Confucius and circulated from cabarets, cabins and camps by citizens and callous caitiffs by comparison with century old Confucius sayings makes Confucius to creep and crawl in coffin, continuing to make cracks creates catastrophe for self."

And going from Confucius to cattle, crowds and calves, there was the Jones County 4-H Club show Saturday in Anson which was started with the club boys and the Stamford and Anson bands parading in the rain (well, it was mist). At noon 475 persons ate barbecue provided by the Cowboys' Christmas Ball.

Highlights of the judging were: champion beef calf, Glenn Tarpley; reserve beef champion, Weldon Barbee, both of the Noodle club.

Champion dairy heifer, Mack Doty and reserve champion, Herman

## CLOVER FARM MAKES MORE STORE ROOM

The last few days the Clover Farm store has been undergoing some needed re-arrangements. Hamlin people enjoy joshing Jimmy Dunlap about his size, and he is the biggest merchant in Hamlin. Now that he has pushed back his meat department and added about 20 feet more to his stock room, it will be O. K. to josh him about getting more room to get about in.

Really Jimmy has nothing in mind except to make his store more useful and attractive. The new arrangement makes a better looking place and it is neat and clear with all that new paint about the Market. Jimmy prides himself on having a nice private office also. He moved his bookkeeping equipment to the balcony space and up there he can attend to his accounts, invoices etc and even talk privately with his friends, and keep an eye on the floor too. It looks as if Jimmy Dunlap is liking Hamlin better and better all the time. His smile gets broader and broader, so when you see big boy, just yell out, "hel-lo Jimmy"

### DON'T KILL ROBINS

"Don't kill robins" is the warning being issued almost constantly by the executive secretary of the Game Department. Reports are being received from all over the state of small boys and boys not so little slaughtering the songbirds with air rifles and slingshots. Game wardens are kept busy answering calls from irate citizens who are seeking to protect the birds. Robins are protected by state law and being migratory birds, persons found guilty of killing them are subject to fine in federal court.

# I GIVE YOU TEXAS

(By BOYCE HOUSE)

Along about now is the time when some clubs give a banquet to honor the outstanding citizen of the year. Usually this accolade is bestowed on rich bankers, merchant princes or eminent lawyers—men who have reaped gold and now receive glory, once more proving the Scriptural saying, "To him that hath shall be added." Why not, for a change, give a banquet for a school teacher, a minister or maybe a country editor? Or a cross-roads storekeeper, a farmer, a village philosopher, a mother or someone else who is humble, modest, obscure and poor in worldly goods but rich in unselfish service to those about them.

The old jokes for our contest keep drifting in. Here's a story that harks back to the early days of the automobile. The new-fangled horseless carriage was so fast that it took two men, to see it; one to say, "Here she comes," and the other to say, "There she goes."

And do you remember the Chinaman's comment on his first automobile, "No pushee, no shovee, but go like helle?"

A braggart was writing down the names of all the men he could whip. When he called off one name, the owner happened to be present and he spoke up: "You can't whip me." The other said, "Are you right sure?" The challenger started taking off his coat and barked out, "You bet I am." The other chap said, "All right, I'll take your name off the list."

As the father said to his boy, "Son, honesty is the best policy; I know, because I've tried both."

We've never seen these "rules" in print but a large proportion of the drivers we've met recently on street and highway seem to be following such a set and so we reduce them to writing, as follows:

Do not hesitate to use your horn. If you catch sight of a friend walking along and you haven't seen him for two full hours, honk your horn. If you want to scare a pedestrian out of a year's growth as he walks across on a green light, step on the gas, slap on the brakes and honk your horn. If you want to let somebody on the ninth or nineteenth floor know you are there to take him home, just honk your horn. It may be hard on other people's eardrums and make their nervous system more nervous, but it's a free country, ain't it?

The white line down the middle of the highway is a track for your inside wheel to run over. Of course, if you meet another idiot who thinks the same thing, they can just hold a double funeral service.

It's great sport to put on full speed ahead, whip in front of another car, then stop at a filling station nine feet afterward.

For a left turn, hold your arm straight out; for a right turn, arm straight out; for a stop, arm straight out. Well, anyway, the motorist behind you ought to be grateful that you indicated something was about to happen.

Now to be serious: If city, county and state officers would arrest all traffic offenders and then if the judge would just impose and collect a fine in each instance, one of two things would happen: Either so much would be collected in fines that all taxes could be abolished or this reckless driving would end and this awful toll of human lives and broken limbs would be greatly reduced.

In the lower left hand corner of the first page of the Dallas News a few mornings ago appeared these lines by your columnist:

MIRACLES  
When all the world was blue and gold,  
It seemed a dream that rain could fall:  
Now all the world is wet and cold—  
Will sunlight ever stream again,  
Will roses ever dream again,  
Along my garden wall?

Evidence that Texas should close the fishing season January 1, instead of March 1 is piling up in the office of the state Game Department. Stomachs of four out of five female fish taken in mid-winter contain eggs.

Coyotes are now found in nine eastern states.

## METHODIST CHURCH

John W. Hendrix, Pastor

Flu! yes, sir-ee, lots of flu. But it seems to be letting up some now. The winter is now showing its warmer side. Some think it is nearly over, the worst of it. While it lasted it was bad enough. It got a late start! One of the earliest possible Easters adds hope of an early Spring. Hence herein is inscribed a more hopeful notice of church services.

Church school meets at 9:45 a. m.—ends its session 10:45 p. m. MORNING WORSHIP begins at 10:50. The sermon subject, "I'VE A RENDEZVOUS," and you may share with us in all of it, the worship in songs, in prayer, in Scripture, and in sermon.

EVENING WORSHIP comes at 7:15, and the sermon subject, "SOME UNCHANGEABLES." As is likely we have come to think there isn't anything that is unchangeable. That is about half of our emphasis—change, change! But there are some things that do not change.

YOUNG PEOPLE'S hour is 6:30 p. m. You're invited, if you're young.

Adult class meets at 6:30 p. m. Worth your while. Try it.

PASSION WEEK:—

This sacred week—the last week of our Lord in Jerusalem will be properly observed in the Methodist Church, with services each evening with holy communion on Friday evening. This needs to have a place on the church calendar.

## Each School Child Lost Is \$22 Loss to School

B. T. Beaver, County Supt., is calling attention to the fact that the State School Law provides that the scholastic census be taken during the month of March. Mr. Beaver wants to stress the following points in the enumeration of Jones County pupils:

1. All children who will be six and under eighteen years of age on September 1, 1940, and who are residents of the district on the first day of April, 1940, should be enumerated.

2. Census enumerators should make a careful and thorough canvass of the district to see that all scholastics therein are enumerated. While the enumerators are to receive only four cents (4c) for each enumerated scholastic, the district will lose twenty-two dollars for each one missed. (Last year approximately one hundred (100) children in the rural districts were missed. This meant a loss of twenty-two hundred dollars (\$2200) to the districts of our county. We do not want this to happen again.)

3. If the census enumerator has not taken your children by March 25th, you should get in touch with the principal of your school if living in a rural school district, or your local superintendent if living in one of the independent school districts of Jones County.

4. A child CANNOT be transferred from one district to another unless he has first been enumerated. This applies not only to elementary school pupils, but to High school pupils as well. Receiving schools allow from four to five months free time on scholastics transferred in.

## BAPTIST CHURCH

The pastors of Hamlin have agreed to lead in a city wide campaign to increase attendance in all our services during the month of March. With only 600 in Sunday School last Sunday in all our churches, the need of this campaign can be readily seen.

We were very grateful for the spirit manifested in our services last Sunday. Our belief is that "the people have a mind to work," and we are expecting you to help enlist a number for our Sunday School and church services during this month. Instead of saying, "I'll see you in the funny paper," say, "I'll see you in Sunday School and church next Sunday." That would be a fine motto for the people of Hamlin during March.

Which will you be—during March? A By-stander or a Stand-byer? A family once said: "Yes, we think the church is necessary, but we have not attended for weeks." They were By-Standers. Another family said: "Yes, we believe in the church. We never miss a meeting except for sickness." They were Stand-Byers.

If possible, come to our services Sunday

Sunday School begins at 9:45 and there is a class for every member of the family.

The morning service begins at 10:50. You will enjoy the singing

directed by Mrs. Ted Russell, and you will hear the message from God's word.

The training Unions will begin at 6:30, and evening worship at 7:30.

I'll see you in Sunday School and Church next Sunday.

Mrs. D. O. Sauls was called to Houston last week to be with her granddaughter, Miss Jean McCain who underwent an operation for appendicitis.

Mr. and Mrs. Weldon Carlton of San Antonio, are visiting his parents, Mr. and Mrs. A. H. Carlton, and Mrs. Carltons mother, Mrs. B. S. Ferguson and other relatives.

## "Build-Up" Important Protector of Women

A weak, undernourished condition often enables functional dysmenorrhea to get a foothold; thus leads to much of woman's suffering from headaches, nervousness, and other periodic discomfort.

CARDUI's principal help for such distress comes from the way it usually stimulates appetite; increases flow of gastric juice; thus aids digestion; helps build energy, strength, physical resistance to periodic pain for many.

Another way, many women find help for periodic distress: Take CARDUI a few days before and during "the time." Women have used CARDUI for more than 50 years!

## Young Women Learn To Grow Vegetables

"Just imagine having fresh vegetables out of your own garden during this cold weather," exclaimed Faye Lee, orchard demonstrator for the McCaulley Senior 4-H Club. "My frame garden is five feet wide and 38 feet long and has radishes, lettuce, carrots, spinach, beets, and mustard growing in it. I often wonder how we managed to get along without a frame garden before this winter," she continued.

In addition to her frame garden, Faye plans to set out 50 or more berry plants on ground that is well cultivated and well fertilized. Later, she will raise enough tomatoes for her family to eat during the summer with a surplus to can for next winter. Faye has filled out a food preservation budget, so she will know how many containers of fruits, vegetables, meats, etc., she will need to can in order to provide food for her family to eat during the summer weeks next winter. Faye is a very interested 4-H Club member.

## Asphalt Road Program Approved For 1940

Austin, Tex., Feb. 27—The Texas Highway Commission today approved the Regular State-wide Asphalt Program embracing approximately \$2,600,000.00. This Program includes nonskid seal coats, new asphalt surfaces, leveling-up courses and asphalt surfaces for gravel roads, and extends in general over the entire State.

In announcing approval of the Asphalt Program the Commission stated that it was the last of the annual programs to be approved and that all available funds for 1940 had been allotted.

The Programs that have been approved by the Commission during the past few months are the Regular 1941 Federal Aid Program, the Annual State-wide Construction and Betterment Program, and the Annual Asphalt Program. The estimated cost of these Programs, together with the 1941 Secondary and Grade Crossing Programs, add up to the very respectable sum of \$26,000,000.00.

The Commission further said that they especially wanted these facts called to the attention of City,

County and Chamber of Commerce officials, who very properly appear before the Commission from time to time in the interest of proposed designations or proposed construction projects, so as to save them the time and expense in journeying to Austin seeking projects when no funds will be available for additional projects until next year.

During the month of January Jones County had 15 oil wells completed, 13 were producers, 2 were dry, and at the end of the month there were 21 wells drilling. This was a good lead over all the '19' Counties in the West-Central District, except Young County and really exceeded that county for it only got 11 wet wells and 10 dry holes.
